

BOILER SERVICES

5959 South Harlem Avenue
Chicago, IL 60638
773-784-0000

Founded in 1918, Hayes Mechanical is known as the pioneer in the boiler construction, repair, and maintenance industry. Our boiler projects can range in size from simple “A” frame package boilers to complex 800MW utility boilers. Critical shutdown environments pose no problems for Hayes Mechanical as we are prepared for planned outages as well as staffed for 24-hour emergency service and repairs.
